

CALL FORWARD BUSY

This service forwards calls to an alternative number only if they are busy

To activate:

- Dial *90 immediately followed by the number to forward to so that the access code and the number are a single string of digits; there is no confirmation tone after dialing the access code
- Wait for the call to be answered or confirmation tone

To deactivate:

- Dial *91

Notes: If you forward your calls to a long distance number, you will be charged the appropriate long distance rate
